

KAHANA — in Hawaiian, it can mean "a love affair" . . . and this is what awaits you the owner of Kahana Reef Condominiums. The creation has been accomplished and awaits you to enjoy life as it was meant to be. Nothing can impair the beauty and serenity of this setting, and it is with

great pride in our land and its people that we offer these condominiums.

# Kahana Reef

**KAHANA** — in the lilting tongue of the Hawaiian language, Kahana can mean many things. To best fit the description of the Kahana Reef Condominium, we define it as a destination for “a love affair.” Located on Maui’s westerly coast, three four-story apartment buildings stretch across the

beaches between Honokahau and historic Lahaina. The overall feeling remains that of Hawaii in a more gentle era, the Maui of yesterday. Sandy beaches with scenic rock formations, a mountain setting, and ocean views of the Islands of Molokai and Lanai. There is yard spacing, off-street

parking, a swimming pool and recreation deck. There are sun decks off the bedrooms . . . and an unparalleled opportunity to live life the way it was as well as the way it is. Come to Maui, the Kahana Reef, and make your Maui “love affair” forever lasting.

**KAHANA** — where marvelous stretches of sun-drenched beaches, exciting hidden coves and multi-colored sunsets with a southerly view of Lanai are available to the residents of Kahana Reef apartments. We have provided sanitary sewer lines, storm drains, fire protection, tele-

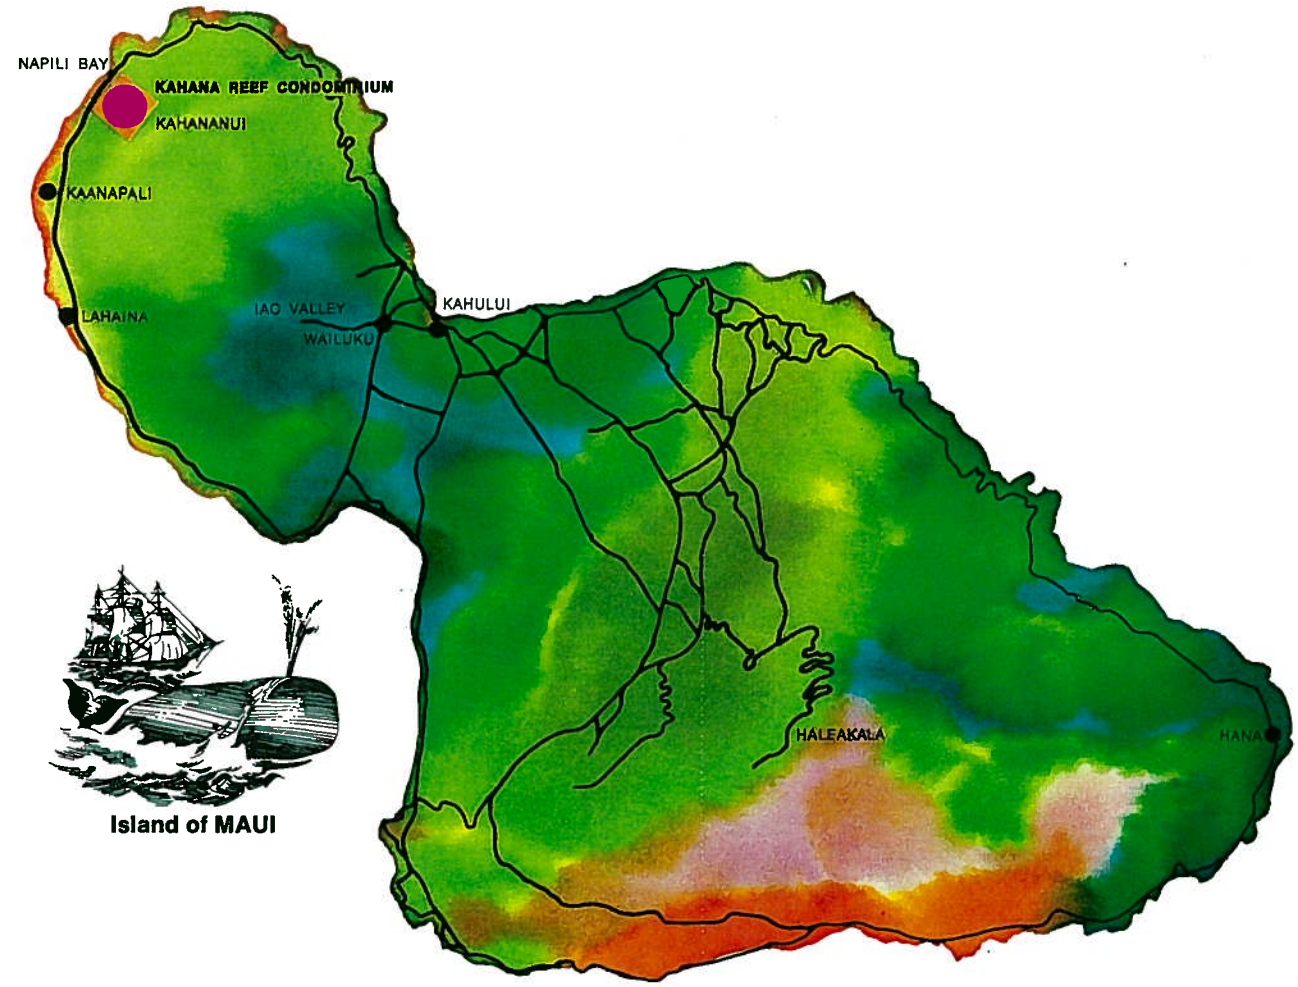

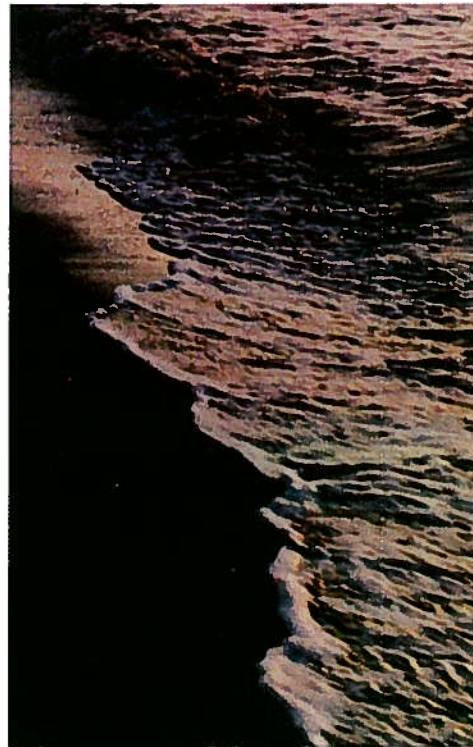

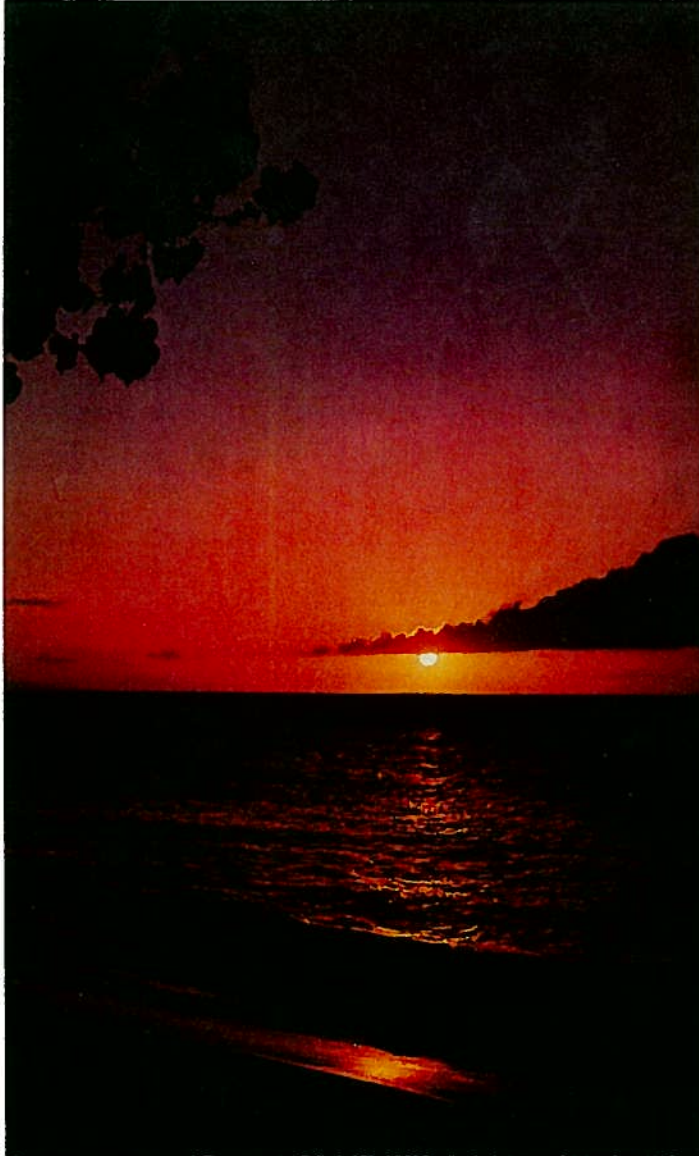

vision service and a 21-foot wide asphalt concrete roadway. In addition, the paved driveway and parking system contains 93 open resident and visitor parking stalls. The recreation area includes an elliptical-shaped swimming pool (38 feet by 20 feet overall) with a recreation deck.

Modern living in a setting of rainbow hues of sunrise and sunset.

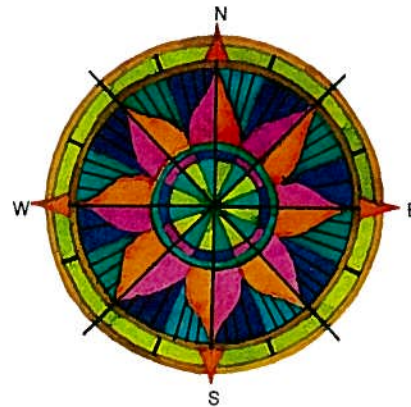

**KAHANA** — where living follows your mood, your desires. Ages ago, two fiery volcanoes pierced the blue surface of the Pacific to form two mountain ranges. As time passed, these mountains were connected by an isthmus and a lovely valley was created . . . Maui.

**Island of MAUI**

**KAHANA** — is where your romantic interlude begins, the ideal spot to live, relax and enjoy life as it was meant to be enjoyed. The Kahana Reef is situated off the Honoapiilani Highway at Kahananui, beyond Kaanapali. Here you are far from it all and yet, as this map shows, only 3.4 miles from the Kaanapali airport, 7.4 miles from Lahaina town, with Kahalui only 45 minutes by car and all of Maui for your use.
